AFWG MASTERCLASS

Managing IFI in ICU Patients Without Malignancies

The Society of Intensive Care Medicine is pleased to partner with the Asia Fungal Working Group (AFWG), a working group of the International Society for Human and Animal Mycology (ISHAM), to bring our members this exclusive learning opportunity – the first AFWG Masterclass.

This AFWG Masterclass will focus on **Managing IFI in ICU Patients Without Malignancies** and will feature the latest updates presented by the AFWG's international faculty. One chapter of the 6–chapter Masterclass will go live every 2 weeks, starting from 12th October 2020.
