Anesthesiology & Critical Care 2021

Clear, expert guidance on optimizing outcomes in perioperative care

Perioperative Medicine, 2nd Edition

By Mark F. Newman, MD, Lee A Fleisher, MD, FACC, Clifford Ko, MD, MS, MSHA, FACS and Michael (Monty) Mythen, MBBS FRCA MD

March 2021 • 978-0-323-56724-4

List Price: \$219.99

Based on **the most current evidence and best practices**, *Perioperative Medicine: Managing for Outcome, 2nd Edition*, is an easy-to-follow, authoritative guide to achieving optimal outcomes in perioperative care. Written and edited by recognized authorities in anesthesiology and surgical critical care, this fully updated edition **helps you think critically about complex, long-term issues surrounding the care of the surgical patient**, providing decision trees that define strategies to enhance the medical outcome of care.

- Focuses on what anesthesiologists, surgeons, and intensivists need to know in order to **improve outcomes through evidence- and outcome-based approaches**.
- Provides **practical guidance** on potential risks to all major organ systems, the etiology of particular organ dysfunctions, preoperative and intraoperative risk factors, and perioperative protection strategies to minimize potential complications.
- Features a **consistent chapter format** - with even more color-coded algorithms, summary tables, and boxes – that enables you to quickly explore and determine the best management approaches.
- Includes **six all-new chapters**: Perioperative Fluid Management; Delirium and POCD; Role of Palliative Care/ICU; Value-Based Care: The UK Model; CFO Perspective on Value; Hospital to Home (Perioperative Transitions of Care)
- Discusses **timely topics** such as quality improvement, pay-for-

More Resources for Your Professional Library
