**6. At what value should I insure my vehicle?**

You are advised to insure your vehicle based on the Market Value of your vehicle at the point you apply for the motor insurance policy. This value will be called the Sum Insured of your vehicle in your motor policy. You should understand the following when insuring your vehicle:

**Market Value**

Tune Insurance refers to the Motor Vehicle Market Valuation System provided by Insurance Services Malaysia Berhad (ISM) to determine the sum insured of your vehicle at the time of purchase/renewal of your policy. In the event of a claim, we will rely on ISM to determine the Market Value of your vehicle at the time of loss.

If no Market Value is available from ISM for your vehicle at the time of purchase/renewal of your policy, the Market Value of your vehicle would be determined by a Registered Adjuster at the time of loss.

**Agreed Value**

This value will be agreed at the commencement of your policy and will be used as the basis of settlement. In the event of a claim as a result of theft or total loss, this value will be the maximum payout for your vehicle as stated in your policy.

**7. What will happen if I under insure my vehicle?**

You will be deemed as self-insured for the difference, i.e. in the event of loss or damage, you will be partially compensated (up to the proportion of insurance) by the insurance company.

**8. What will happen if I over insure my vehicle?**

If you want to insure your vehicle at a sum insured higher than the Market Value such as if required by your financier, please let us or your intermediary know. In the event we agree to accept it, we will grant you the Agreed Value basis on your policy.

**9. What are the major exclusions under this policy?**

This policy does not cover certain losses, such as:

- Your own death or bodily injury due to a motor accident;
- Your liability against claims from passengers in your vehicle; and
- Loss, damage or liability arising from an act of nature i.e. flood, storm or landslide.
- Consequential loss, depreciation, wear and tear, mechanical or electrical breakdown failures or breakages.

*(Note: This list is non-exhaustive. Please refer to the sample policy contract for the full list of exclusions under this policy).*

**10. Can I cancel my policy?**

You may cancel your policy at any time by giving written notice to the insurance company. Upon cancellation, you are entitled to a refund of the premium based on short-period rates, where any minimum premium paid under the policy is not refundable.

This is an optional benefit offered to eligible policyholders, typically suited to those who drive low mileage during the policy period. This product is an optional opt-in benefit to your private car insurance and you may earn up to 20% refund of your basic premium paid, subject to your mileage driven, upon completion of twelve (12) months policy period. Basic premium paid is calculated based on basic premium less NCD less discount for direct purchases (if any).

### a) Who is eligible to opt for PAYD?

Those who purchase private car insurance with us and fall within the criteria set below will be invited to opt-in for PAYD:

- Age of insured: 28 to 65 years old
- Age of vehicle: 0 to 10 years
- Sum insured: RM 40,000 to RM 300,000
- Car type: Private car for private use
- Other underwriting criteria determined by us

### b) How do I opt for PAYD?

If PAYD is selected during the purchase of the private car insurance, our underwriting engine will identify your eligibility based on the criteria set in item 13(a) above. If you are eligible, your private car insurance will be issued with a PAYD endorsement. You will be notified via SMS (short message service) and/or email on your enrolment.

Thereafter, you need to submit your mileage data within the stipulated period, please refer to Item 13(c) below.

### c) How do I submit my mileage data?

For every PAYD policy, you are required to submit your mileage data on three (3) occasions:

- Policy inception: Within 14 days upon our confirmation of your PAYD enrolment;
- 180 days of your Policy inception: Within 14 days of this period; and
- Policy expiry: Within 14 days of your Policy expiry at the end of the 12<sup>th</sup> month.

If your mileage data is not received on the three (3) occasions stated above and not within the stipulated period, the refund entitlement will be forfeited.

The mileage data shall be submitted by you via platform provided and notified by us. Information required are your Name, NRIC number and vehicle registration number.

Any policies cancelled will not be entitled for refund. For policies extended, mileage data is still required to be submitted at the 12<sup>th</sup> month and the extended period of your private car insurance will not be calculated for refund.

Note: Mileage data is collected via odometer reading of your vehicle. Please refer to the sample of mileage reading in the PAYD FAQ section of our website at [www.tuneprotect.com](http://www.tuneprotect.com). You may also contact your agent, visit any of our branches or contact our customer service for assistance.

**d) Do I need to pay additional premium for PAYD?**

No additional premium required for PAYD.

**e) How am I eligible for refund?**

Those who have opted for PAYD must fulfill all of the following criteria to be eligible for the refund:

- i. Complete 12 months policy period;
- ii. Submit mileage data in accordance with item 13(c) above; and
- iii. Drive low mileage during the policy period. "Refund Table" is per below:

Tier	Annual mileage driven (kilometres driven)	Percentage refund
Tier 1	From 0 km to 6,000 km	20%
Tier 2	From 6,001 km to 8,000 km	15%

There is no impact to your refund entitlement should you make any claims during the policy period.

You will not be entitled to the abovementioned refund if:

- i. You do not submit your mileage data to us in accordance with item 13(c) above;
- ii. This policy is cancelled by either you or us at any time during the policy period
- iii. There is unauthorized tempering / modification / replacement or malfunction of your car odometer
- iv. There is modification of your mileage data visuals submitted to us
- v. Your mileage data uploaded into our platform is unclear and we are not able to capture the readings

**f) When will I receive my refund?**

Refund will be credited into your bank account within thirty (30) days upon receipt of your final mileage data. Payment of the refund shall be subject to the refund scale provided in item 13(e) above and the other criteria mentioned under item 13(e) above.

**g) How is the refund calculated?**

The refund is calculated based on the following formula:

$Y - X = \text{Annual mileage driven}$

X = the mileage data submitted upon our confirmation of your PAYD enrolment

Y = the mileage data submitted upon policy expiry at the end of the 12th month

Total annual mileage driven is then applied to the refund scale in item 13(e) above to identify the corresponding refund percentage. If the annual mileage driven does not fall within the refund scale in item 13(e) above, you will not be entitled for a refund.
