

CCNA Syllabus	
Sr	Topic
1	Basics Of Networking
2	OSI & DOD Model, Topologies
3	Transmission Media & Networking Devices
4	Topologies
5	IP Addressing - IPv4
6	Subnetting & Supernetting
7	IP Addressing - IPv6
8	Switch Basics
9	Virtual LANs
10	STP
11	Routing & Types
12	Router Basics
13	Router Passwords, Configuration Backup & Restore
14	Static Routes & Default Static Routes
15	RIP
16	IGRP & EIGRP
17	OSPF
18	Routing Protocol Comparison
19	Access Control List - Standard & Extended
20	NAT & PAT
21	WAN Technologies - HDLC, PPP
22	Frame Relay Point to Point & Point to Multipoint
23	Securing Router & Switch
