

Curriculum

1. Materials
 - Thermoset Polymers
 - Thermoplastics
 - Ferrous and Non Ferrous Metals
 - Composite Material
 2. Manufacturing Processes
 - Injection Molding
 - Blow Molding
 - Vacuum Forming
 - 3D Printing
 - Laser Cutting
 3. DFMA (Design for Manufacturing and Assembly)
 4. Product Design and Development
 - Market Research
 - Product Design Specification
 - Concept Designing
 - Prototyping
- CAD
 - Final Prototype
 - Manufacturing
 - Sales
